Master Business Analysis & Interview Preparation Index — WariMitra

Project Name: WariMitra — Digital Wari Ecosystem

Repository Location: `c:\Users\mustafa\Desktop\WariMitra`

Master Documentation Root: `c:\Users\mustafa\Desktop\WariMitra\BA_INTERVIEW_PREPARATION\`

Compilation Standard: BABOK v3, IEEE 829/830, CMMI Level 3, Agile/Scrum Frameworks

Master Navigation & Document Directory

Welcome to the definitive Senior Business Analyst and Technical Product Owner reverse-engineering and interview preparation suite for **WariMitra**. Every document below has been reverse-engineered from verified source code, architecture diagrams, database schemas, and test suites in this repository.

Phase 1 to Phase 5: Discovery, Strategy & Requirements

- 01_PROJECT_INVENTORY.md

  Complete technical inventory, architectural baseline, 7-role RBAC framework, and verified limitations.

- 02_BUSINESS_CASE.md

  Executive summary, business problem statement, As-Is manual chaos vs. To-Be automated solution, SMART objectives, and ROI.

- 03_STAKEHOLDER_ANALYSIS.md

  Power/Interest matrix (Mendelow's Grid), 7 detailed user profiles, pain points, system interactions, and cross-functional RACI matrix.

- STAKEHOLDER_INTERVIEW_QUESTIONS.md

  Realistic elicitation interview scripts for rural pilgrims, ground volunteers, dindi leaders, doctors, police chiefs, and district magistrates.

- 04_PROCESS_ANALYSIS.md

  BPMN process flows, As-Is vs. To-Be comparisons, gap analysis, and process improvement recommendations.

- 05_REQUIREMENTS_CATALOG.md

  Full taxonomy of Business (BR), Functional (FR), Non-Functional (NFR), Data (DR), Integration (INT), and Security (SEC) requirements.

Phase 6 to Phase 11: Enterprise Documentation & Modeling

- 06_BRD/BRD.md

  Formal Business Requirements Document with document control, executive background, scope boundaries, and sign-offs.

- 07_FRD/FRD.md

  Functional Requirements Document detailing inputs, outputs, preconditions, exception paths, and Given-When-Then criteria.

- 08_PRD/PRD.md

  Product Requirements Document with vision, user personas, MoSCoW feature prioritization with rationale, and release roadmap.

- 09_USER_STORIES/USER_STORIES.md

  Agile User Stories across 6 epics (`As a... I want... So that...`) with INVEST compliance and Gherkin acceptance criteria.

- 10_USE_CASES/USE_CASES.md

  Cockburn-style formal use cases with UML system boundary diagrams, main flows, alternate flows, and postconditions.

- 11_PROCESS_FLOWS/PROCESS_FLOWS.md

  Comprehensive Mermaid sequence and flowcharts mapping emergency SOS, medical radar, and family circle tracking.

Phase 12 to Phase 16: Technical BA, Data & Business Rules

- 12_API_ANALYSIS/API_BUSINESS_ANALYSIS.md

  Technical BA API catalog: business meaning first, then request/response schemas, error codes, and Cloud Function triggers.

- 13_DATA_ANALYSIS/DATA_ANALYSIS.md

- 13_DATA_ANALYSIS/DATA_ANALYSIS.md

NoSQL Firestore document modeling, Geohash spatial index patterns, aggregation singletons, and Mermaid ER diagram.

- 13_DATA_ANALYSIS/DATA_DICTIONARY.md

Complete physical field-level data dictionary covering types, nullability, constraints, defaults, and business descriptions.

- 14_METRICS_AUDIT/METRICS_AUDIT.md

Rigorous KPI audit categorizing claims into Verified (1.2s p95, 320ms read), Calculated, Estimated, and Claimed/Unverifiable.

- 15_RESUME_CLAIM_AUDIT/15_RESUME_CLAIM_AUDIT.md

Green/Yellow/Red credibility audit of resume claims with bullet-proof, truthful alternative wording.

- 16_BUSINESS_RULES/BUSINESS_RULES.md

Enterprise catalog of SBVR-compliant business policies: idempotency, rate limiting, sovereign geofencing, and RBAC.

Phase 17 to Phase 23: Quality, Traceability, Governance & Case Studies

- 17_UAT/UAT_PLAN.md

BA role in UAT, 5-track testing strategy, entry/exit criteria, stakeholder sign-offs, and defect severity triage protocols.

- 17_UAT/UAT_TEST_CASES.md

12 detailed acceptance test cases with preconditions, test data, steps, expected results, actual results, and sign-offs.

- 18_RTM/RTM.md

Bidirectional Requirements Traceability Matrix linking business needs to Cloud Function lines and executed UAT tests.

- 19_CHANGE_MANAGEMENT/CHANGE_REQUEST_LOG.md

Change control log with deep-dive impact analysis on the Django-to-Firebase architectural pivot.

- 19_CHANGE_MANAGEMENT/ASSUMPTION_LOG.md

Key project premises, hardware assumptions, and validation mechanisms.

- 19_CHANGE_MANAGEMENT/DECISION_LOG.md

Architectural Decision Records (ADRs) explaining Firebase NoSQL, 0-ETH Web3 anchoring, and

Architectural Decision Records (ADRs) explaining Firebase NoSQL, 0-ETH Web3 anchoring, and Geohashes.

- 20_RISK_ANALYSIS/RISK_REGISTER.md

  5x5 risk severity register distinguishing codebase-identified threats from BA-recommended mitigations.

- 21_BA_CASE_STUDY/CASE_STUDY.md

  Complete, interview-ready BA Case Study covering business context, solution architecture, contributions, and outcomes.

- 22_BA_ARTIFACTS/BA_ARTIFACTS_CATALOG.md

  Catalog and mapping of all generated artifacts across the BABOK v3 knowledge areas.

- 23_BA_USE_CASE_LIBRARY/PILGRIM_EMERGENCY_MANAGEMENT/CASE_STUDY.md

  Domain Case Study 1: Sub-Second Distress Ingestion, Multicast Dispatch & Web3 Proof Anchoring.

- 23_BA_USE_CASE_LIBRARY/CROWD_SURGE_AND_QUEUE_MANAGEMENT/CASE_STUDY.md

  Domain Case Study 2: Queue Wait-Time Estimation (Little's Law), Gate Control & Darshan Passes.

Phase 24 to Phase 34: Interview Training & Strategic Defense

- 24_INTERVIEW_PREPARATION/INTERVIEW_PREPARATION.md

  13-level interview question and answer bank covering technical BA, SQL/NoSQL, APIs, behavioral, and cross-questions.

- PROJECT_DEFENSE.md

  Tiered elevator pitches (30s, 1m, 3m, 5m) and answers to challenging project-defense cross-questions.

- STAR_ANSWERS.md

  Behavioral answers structured in Situation-Task-Action-Result format grounded in actual project events.

- DOCUMENTATION_INTERVIEW_GUIDE.md

  Core BA competency guide explaining differences between BRD, FRD, PRD, SRS, User Stories, and RTM.

- FINAL_INTERVIEW_CHEATSHEET.md

  Pre-interview cheat sheet designed for rapid 10-minute revision before meeting the hiring panel.

- CREDIBILITY_AUDIT.md

  Integrity and claim defense register classifying facts, verified benchmarks, and unsupported marketing claims.

- FINAL_BA_AUDIT_REPORT.md

  Executive program audit, portfolio evaluation, key interview strengths, and recommended resume

- *Executive program audit, portfolio evaluation, key interview strengths, and recommended resume phrasing.*
